

# HSPD-12/FIPS 201 TRAINING MODULES UPDATE

Tony Cieri / Bob Donelson

# Recap

- Development of a series of web-based training modules to assist in the understanding of the complexities with FIPS 201
- The series will assist in the consistent implementation of HSPD-12/FIPS 201 across the Federal Government

# Timelines and Modules

- Delivery on 10/03/2005 included:
  - Module 1: PIV Overview (DOD)
  - Module 2: PIV Roles and Responsibilities (DOI)
- Delivery in September 2006 includes:
  - Module 3: Privacy Awareness (DOI)
  - Module 4: Technical Architecture (DOI) \*
  - Module 5: Appropriate Uses (DOI) \*

# Hosting of Modules

- The intent to have USA Learning host all five modules
- There will be two versions of each module:
  1. Base module-meeting a baseline set of specifications from OPM so every department may access the training
  2. Secondary module-will include PowerPoint slides, written script and streaming video

# Modules Format

- Modules include three windows:
  - Narrator, Talking heads from government
  - PowerPoint slides
  - Transcript with hyperlinks to important topics for more details

# Module 1 and 2

- Module 1-Overview is available on USA Learning  
(<http://www.usalearning.gov/coursecatalog/index.cfm?fuseaction=oltovervie>)
- Module 2 is available from your agency HSPD-12 representative
